

SIXTEENTH CONGRESS)
OF THE REPUBLIC OF THE PHILIPPINES)
First Regular Session)

HOUSE OF REPRESENTATIVES
House Bill No. **3456**

Introduced by Representative Ben P. Evardone
Lone District, Eastern Samar

EXPLANATORY NOTE

Land ownership in the Philippines and elsewhere has invariably been a determinant of one's economic profile, his social creditability. For the banking industry, easier access to personal borrowings is afforded a person who owns land. Those with housing loan packages, government owned or otherwise, prefer lending to land owners. This, for at least two underlying reasons: First, unless by some *extra*-human intervention, land is one asset that cannot be physically concealed. Second, land ownership, insofar as our civil laws is concerned, carries a bundle of economic rights, such as the right to enjoy the land and its fruits, the right to exclude others from such enjoyment, and the right to dispose of the land for a valuable consideration, among others. These rights, if actually utilized, could very well bring about the constitutional vision of an "improved quality of life for all".

The 1987 Constitution, recognizing the value of land ownership, has mandated the distribution of lands, especially to poor landless tenants, as a measure of social justice. Also, it expressly authorizes the conversion of timber or forest land into alienable and disposable land.

This bill seeks the conversion into alienable and disposable land portions of timberland within the 5th class Municipality of Maslog particularly in Barangays 1 and 2 (Poblacion), Bulawan, Carayacay, Libertad, Malobago, Maputi, San Roque, San Miguel, as well as some small portions in the Municipalities of Arteche, Oras and Dolores, Eastern Samar.

Indeed, economic growth and development for the hundreds of families living within the areas specified in this proposed measure will be hastened once this bill is admitted into our legal system.

Hence, passage of this bill is earnestly sought.
