SIXTEENTH CONGRESS

First Regular Session

House Bill No. 3998

Introduced by **HONORABLE ROMERO "MIRO" S. QUIMBO**

EXPLANATORY NOTE

This measure seeks to convert the city road, Lilac Street, traversing Barangay Concepcion Dos in the Second District, City of Marikina, into a national road.

Roads are the lifeblood of economic activities as they facilitate the efficient transfer of goods and services. However, it is vital that the established roads are properly maintained and repaired, when necessary, to assure that their purposes are fully served.

Lilac Street serves a booming economic hub in Marikina City as it is now lined up with restaurants and other industries. However, it must be properly maintained and regularly repaired due to frequent flooding in the area. And although Lilac Street has been fostering economic growth, the local government cannot shoulder the amount required to maintain it as it must equally provide for the other needs of the city.

By converting Lilac Street into a national road, it would transfer the responsibility of the maintenance to the national government through the Department of Public Works and Highways, thus channeling the resources of the city government earmarked for the maintenance of the said road to health, education, and social protection programs of the city.

The conversion of Lilac Street is thus earnestly sought so we can sustain the progress so far made by the area as well as allow the city government to reallocate its funds for other socio-economic programs.
