SIXTEENTH CONGRESS

HOUSE BILL NO. **4040**

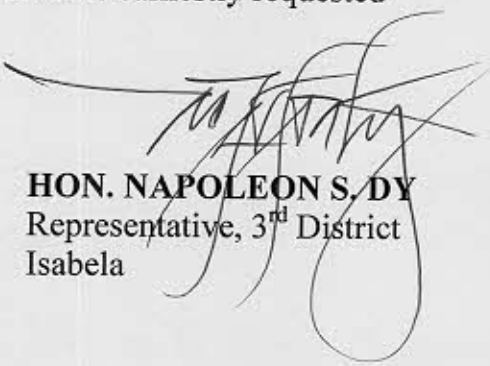

Introduced by Rep. Napoleon S. Dy and Rep. Jose T. Panganiban, Jr.

EXPLANATORY NOTE

This Bill seeks the construction of Pigalo Bridge located at Centro 2, Angadanan, Isabela. This vital infrastructure which is the only connection between the Municipality of Angadanan and San Guillermo, all in the Province of Isabela, was totally destroyed by typhoons Pedring and Quiel that devastated the Province of Isabela in 2010.

The construction of Pigalo bridge will, thus, serve as a vital link of the Municipality of San Guillermo located along the eastern part of Isabela to Central Isabela and the Maharlika National Highway in Alicia, Isabela. Once completed, Pigalo bridge will not only benefit the people of the Municipalities of Angadanan and San Guillermo but also of the whole Province of Isabela, as it would facilitate delivery of basic services and boost economic and agricultural activities in the said areas. This vital infrastructure could be improved and maintained through funds from the National Government, thereby, ensuring the continuous economic development of the area, by the promotion of agriculture, commerce, trading, and eco-tourism.

Considering the economic, social and humanitarian merits of this Bill, its urgent approval is earnestly requested
