HOUSE BILL NO. 4046

Introduced by **Honorable Benhur L. Salimbangon**

EXPLANATORY NOTE

Education is a major factor in the development of a nation. A nation with fully educated populace brings forth progress and advancement to the society. The citadel of education is the school. It is where the formal education takes place, it is where the children learn and cope with the demands of the learning system. Its paramount objective is to provide the best education to its enrollees.

As an extension of Kawit National High School, the Kawit National High School-Curva Annex is very much dependent on Kawit National High School in terms of administrative support and resources.

In order to achieve best education, the school must have its own set of administrative and supervisory support staff. The instructors must be highly motivated and room for growth and improvement for them must be available. Regular source of funds every school year must be adequate and sufficient to meet the school's growing needs. This can all be realized if the Kawit National High School – Curva Annex will be converted into an independent national high school..

Hence, the approval of this bill is earnestly recommended.
