HOUSE BILL NO. **4115**

Introduced by Honorable Damian G. Mercado

EXPLANATORY NOTE

In line with the mandate of the constitution to provide basic education to the public, the establishment of public high school where it is needed is deemed necessary. The presence of public schools at a considerate distance from its potential students could often be associated with the absence of such a facility.

The absence of a public high school in the Municipality of Libagon, Southern Leyte has compelled the residents of the said place to send their children to distant located schools or private schools thereby making it costly for the parents to educate them.

With the high cost of living these days, the money that parents could save in sending their children to school could go a long way in helping them ride through economic difficulties.

In view thereof, approval of this bill is hereby being earnestly sought.
