SIXTEENTH CONGRESS
First Regular Session

HOUSE BILL NO. 4523

INTRODUCED BY REPRESENTATIVE RUBY M. SAHALI

EXPLANATORY NOTE

This bill seeks to convert the Languyan – Parang Pantay – Kualabaro Road from a provincial road to a national road.

The road is one major impact project in the Municipality of Languyan. It serves as an exponent of growth and development, as it facilitates the movement and transport of people and goods in those areas.

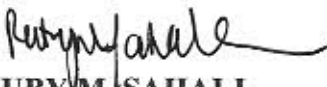

It is also vital for the entry and expansion of industries, including mining, in the said municipality.

The road, however, is in poor condition. Much of the segments are not concreted yet. There is a need to repair and rehabilitate the road, and to upgrade it to a standard so that it could better serve its purpose.

The Municipal Government of Languyan and the Provincial Government of Tawi-Tawi lack funds for the complete repair or rehabilitation, upgrading and maintenance of the said road. Funding from outside sources is necessary.

By converting to a national road, the road shall become a concern and priority of the national government and the funding for the road project shall be readily had through the GAA, which Congress yearly approves.

Passage of this measure is earnestly requested.
