HOUSE BILL NO. 4624

Introduced by REP. ENRICO "RECOM" ECHIVERRI

EXPLANATORY NOTE

This Bill seeks to convert the 4.7-kilometer ZABARTE ROAD in the First District of Caloocan City into a National Road.

Zabarte Road is a major artery connecting Caloocan and Quezon City, both major cities. It traverses three (3) barangays - Barangays 172, 175 and 177, which are among the most populous barangays in the entire Philippines. While there were initially only a few residential houses when this road was constructed, during the past years, these areas experienced not only rapid residential expansion but extensive commercial and industrial growth as well.

This road is considered a vital infrastructure link, and converting it into a national road will guaranty the necessary funds for its maintenance and expansion so as to promote further socio-economic development in this emerging and industrial commercial area. Thus, this bill is aimed at improving the quality of life of the people using this road.

In view of the foregoing, approval of this bill is earnestly sought.
