

Republic of the Philippines

Sixteenth Congress
First Regular Session

HOUSE BILL NO. 4747

Introduced by **Hon. Frederick F. Abueg**

EXPLANATORY NOTE

The proposed bill seeks to declare Gangub Cave in barangay Sandoval, municipality of Bataraza, province of Palawan as tourist destination. Gangub Cave is located approximately twenty (20) kilometers from the town center of the municipality of Bataraza.

This cave resembles a ten-storey building with a towering height of more or less one hundred (100) feet from the base. Its main entrance has an elevation of at least thirty-nine (39) feet which requires an individual to climb the concrete steps toward the mouth of the cave.

An estimate of fifty (50) steps is needed before a person reaches the main entrance of the cave. It is similar to a dome of a big cathedral which can accommodate a large group of people at a time, reaching to as many as five hundred (500) individuals.

Inside the cave is the main chamber which is about thirty (30) meters and can be likened to the Peñablanca Cave of Cagayan and the Bathala Cave of Marinduque. The air is cool within the cave and it is home to thousands of bats.

In view of the policy of the State to promote a tourism industry that is ecologically sustainable, responsible, participative, culturally sensitive, economically viable, and ethically and socially equitable for local communities, as declared in Republic Act 9593, otherwise known as "The Tourism Act of 2009", the approval of this bill is earnestly recommended.
