

Republic of the Philippines
HOUSE OF REPRESENTATIVES
Quezon City

SIXTEENTH CONGRESS
Second Regular Session

HOUSE BILL NO. **4780**

Introduced by HONORABLE LANI M. REVILLA

EXPLANATORY NOTE

The Constitution, Article XIII, Section 11 states:

“SECTION 11. The State shall adopt an integrated and comprehensive approach to health development which shall endeavor to make essential goods, health and other social services available to all the people at affordable cost. There shall be priority for the needs of the underprivileged sick, elderly, disabled, women, and children. The State shall endeavor to provide free medical care to paupers.”

Pursuant to Republic Act 9727, the Province of Cavite was reapportioned from three (3) legislative districts into seven (7) legislative districts. Given the increase of population and the congestion of people in the area, there is a need to create a district hospital that would provide the people with priority health care services and hospitalization. Currently, Cavitenos go to Las Piñas and Muntinlupa to address their medical needs. Unfortunately, these hospitals, with its limited budget, medical personnel, facilities and equipment, could not meet the extensive demands of the people which affects the delivery of quality and effective hospital services to its growing clientele. There is therefore a need to establish a district hospital in the newly created Second Congressional District of the Province of Cavite.

Hence, the approval of this bill is earnestly sought.
