

SIXTEENTH CONGRESS OF THE REPUBLIC)
OF THE PHILIPPINES)
Second Regular Session

HOUSE OF REPRESENTATIVES

H. NO. **4967**

Introduced by Representative Joseller "Yeng" M. Guiao

Explanatory Note

The K-12 Enhanced Education Program was designed, among others, to solve the ballooning unemployment in the country by arming students with true mastery of basic competencies and necessary skills to enter into the work force.

Less than half of all high school graduates finish college and even less earn a baccalaureate degree due to financial constraints. Graduates of the K-12 program, however, were assured that they stand a chance even without a college degree.

This bill seeks to level the playing field for the children of poor families who cannot afford to send them to college by lowering the education requirement for police applicants.

Graduates of the K-12 program may be admitted to the Philippine National Police (PNP) provided that the applicant pass all the examinations, including the entrance test administered by the National Police Commission.

The PNP, as mandated by Republic Act 8551, only accepts college graduates for recruits.

Applicants are still required to adhere to the PNP's general qualifications, which include the height, weight and age requirement, among others.

Approval of the measure is earnestly sought.
