SIXTEENTH CONGRESS
Second Regular Session

HOUSE BILL NO. **5354**

Introduced by: **HON. AILEEN C. RADAZA**
Lone District, Lapu-Lapu City

EXPLANATORY NOTE

Republic Act 7160 or the Local Government Code of the Philippines encourages the establishment of local higher learning institutions by local government units. Under this mantle of authority, the Local Government of Lapu-Lapu City enacted City Ordinance No. 354-2010, designed to serve indigent students of the city by providing them access to quality and affordable education.

The Lapu-Lapu City College (LLCC) is located at STEC Barangay Basak, Lapu-Lapu City. Currently, the LLCC offers the following courses: Bachelor of Elementary Education, Bachelor of Secondary Education, Bachelor of Hospitality Management, Bachelor of Science in Industrial Technology major in Electronics, and Bachelor of Science in Industrial Technology major in Computer Technology.

With the growing student population and to keep abreast with the general trends in tertiary education, the present LLCC administration has sought the assistance of both the local and national government for the construction of a new building and the upgrading of facilities through their local chief executive and their Representative in Congress respectively.

To heed the clamor and address the need of the students of LLCC, immediate passage of this bill is earnestly sought.
