HOUSE BILL NO. 5688

Introduced by Rep. Abdullah D. Dimaporo

EXPLANATORY NOTE

This bill seeks to declare the Cathedral Falls, Located in Barangay Cathedral Falls, Municipality of Kapatagan, Lanao del Norte, as a tourism development site to ensure the full development of the site as a viable tourism destination in line with the national government's thrust of enhancing the country's tourism sector as a pillar of national development.

Cathedral Falls is blessed with natural attractions that set it apart from other waterfalls. It has a captivating surrounding and majestic scenery not found in other waterfalls. On both sides of the falls and under its rushing waters are rocks that look like a pipe organ usually found in cathedrals, hence the name of the waterfalls. And unlike other waterfalls, it is located only two kilometers away from the Kapatagan town center. Visitors need not trek kilometers of dangerous trails littered with cliffs and ravines. A well-paved road leads to the site in less than ten minutes.

Despite its vast potentials as a viable tourism destination, however, Cathedral Falls is still too far away from its maximum potential.

With proper development, the Cathedral Falls has the potential to become a prime tourist destination. Hence, the national government should step in to introduce new and appropriate developments in the premises of the site to further enhance its beauty and promote it properly as an attractive tourist destination in the national and international levels without compromising its sustainability as an ecologically-sensitive natural site. These tasks may unduly burden the host LGUs in terms of technical and financial capabilities.

It is, therefore, the objective of this bill to develop the Cathedral Falls to its maximum potential and promote it as one of the leading tourist destinations in Northern Mindanao with its natural beauty and unique attractions, by declaring it as tourism development site. Doing so will certainly increase awareness and appreciation for the site and will foster both local and international interest and attention that may eventually increase economic activity in the host municipality and promote the Province of Lanao del Norte as a viable tourist destination.

In view of these premises, the prompt approval of this bill is earnestly sought.
