HOUSE BILL NO. 5828

Introduced by Hon. Francisco A. Calalay, Jr.

EXPLANATORY NOTE

This bill seeks to amend Republic Act No. 6548 by renaming Quezon City General Hospital to Quezon City General Hospital and Medical Center.

The Quezon City General Hospital is a 250-bed capacity training, research and service hospital operated by the Quezon City Government. It is one of the main medical institutions in the City readily accessible to the public. Through the vast growth of Quezon City comes the advancement of the hospital offering a continuously growing array of health care services. From its inception, it has come to evolve into a modern hospital which responds well to health needs of the city and its inhabitants, especially to the underprivileged, through high standard of health care services.

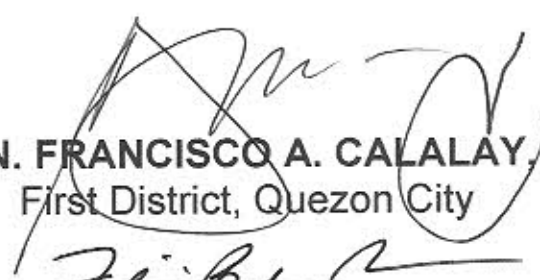

At present, Quezon City General Hospital is equipped with modern facilities and state of the art equipment such as digital X-ray, ultrasounds, 64 slices CT Scans, and it will soon be equipped with an MRI to better aid the dedicated and top-notch physicians of the hospital in diagnostics and early detection of diseases.

Quezon City General Hospital has achieved Level III Status as Tertiary Hospital, the highest level license that can be conferred by the Department of Health to a hospital.

With its accomplishments, state of the art equipment and competent medical staff, it is but fitting and proper to rename the hospital to Quezon City General Hospital and Medical Center.

Support for this bill is thus earnestly sought.
