

Republic of the Philippines
HOUSE OF REPRESENTATIVES
Quezon City, Metro Manila

Sixteenth Congress
Third Regular Session

HOUSE BILL NO. **6267**

Introduced by Honorable Isidro T. Ungab

EXPLANATORY NOTE

This bill seeks to mandate all male students in public and private universities, colleges and similar learning institutions to complete the Reserve Officers' Training Corp (ROTC) component of the National Training Service Program as requisite for graduation, amending for the purpose Republic Act No. 9163.

Section 4, Article II of the Philippine Constitution states that:

"The Government may call upon the people to defend the State and, in the fulfillment thereof, all citizens may be required, under conditions provided by law, to render personal, military or civil service."

In the light of recent events in the West Philippine Sea, Filipino citizens may, by constitutional mandate as stated above, be called to defend Philippine sovereignty over its territory against incursions by foreign powers. Alongside that are major natural calamities such as typhoons, floods and landslides which befall our country every year, and the imminent threat of a catastrophic earthquake recently described in scientific studies such as the Metro Manila Earthquake Impact Reduction Study.

Preparedness to reduce the risks and enhance human capacities to respond to these contemplated situations include training individuals and arming groups and communities with applicable knowledge and systems.

ISIDRO T. UNGAB

Under Republic Act No. 7077 which was enacted in 1991, "the Citizen Armed Force shall be so organized, trained, developed and maintained as to ensure their readiness to immediately respond to the call to service." Alternately referred to as the Reserve Force, the main mission of the Citizen Armed Forces is to provide the base for the expansion of the Armed Forces of the Philippines in the event of war, invasion or rebellion, and to assist in relief and rescue operations during disasters or calamities. Section 38 of the same law provides for the mandatory military training for students enrolled in colleges, universities and similar learning institutions.

However, the mandatory nature of the Reserve Officers' Training Corps (ROTC) program was abolished through the passage of Republic Act No. 9163, otherwise known as the "National Service Training Program (NSTP) Act of 2001." Rendering the ROTC component of the NSTP as voluntary made it extremely difficult to implement the constitutional mandate that all citizens may be required, under conditions provided by law, to render personal, military or civil service. As a consequence of RA 9163, there was a considerable drop in ROTC enrollment. It is now a major concern that our country will no longer have sufficient reserve officers to render military service in the Citizen Armed Forces when warranted by national circumstances, whether as a response to a national security threat or catastrophic emergency.

The country is facing challenging times and it is crucial that we strengthen our youth's vital role in nation-building. To achieve this, the government must reinstate the mandatory completion of the ROTC.

In view of the foregoing, approval of this measure is earnestly requested.
