HOUSE BILL NO. **6334**

Introduced by **Honorable Leopoldo N. Bataoil**

EXPLANATORY NOTE

This bill seeks to establish a marine eco-tourism park in the Municipality of Lingayen, Province of Pangasinan and appropriating funds therefor. It shall be known as "The Lingayen Gulf Marine Eco-Tourism Park."

Lingayen is a first class municipality in the Province of Pangasinan. It is the capital municipality and the seat of government of the Province of Pangasinan. According to the 2010 census, it has a population of 98,740 people. It is located along the Lingayen Gulf, the Agno river, and the Limahong Channel.

Agriculture, livestock and fishing are the major industries of the town. The major fishing ground is the Lingayen Gulf within the municipal territorial waters of fifteen (15) kilometers from the shoreline classified as the municipal fishing ground. Fisheries can be found in every barangay.

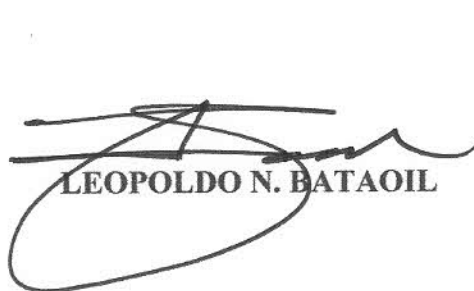

Its rich history includes the landing site of the US Forces during the World War II, the grand Capitol Complex, the Sison Auditorium, Urduja Building and lately, the establishment of the Lingayen Baywalk makes the town Lingayen as the new center of tourism and emerging growth area for trade and investment.

This bill, therefore, seeks to establish a marine eco-tourism park in the Municipality of Lingayen to protect it from indiscriminate exploitation and to maintain its ecological balance and preserve the waters surrounding the area.

It is deemed crucial that we protect and regenerate Lingayen Gulf to insure that our children and the generations to come will inherit the beauty of our bountiful marine life. The marine eco-tourism park will be an ideal destination for the students for their educational tours. It will also boost local and national economy as it provides livelihood, employment and business with the expected influx of local and foreign tourists.

A *Bantay Dagat* Outpost with breakwater enclosure designed to protect a one (1) square kilometer area shall be constructed to serve as the guardian of the sea, ensure compliance and enforcement of fishery laws and serve as staging area for search and rescue operations. It shall serve as a central docking area for fast crafts for visiting tourists and "*lakbay-aral*" groups. It shall also serve as a terminal for travelers to Sual, Hundred Islands in Alaminos, Bolinao, Dagupan, San Fabian, Agoo and Poro Point in San Fernando City, La Union.

In view of the foregoing, the passage of this bill is highly recommended.
