SIXTEENTH CONGRESS
Third Regular Session

HOUSE BILL No. 6401

Introduced by Congressman Alfredo D. Vargas III

EXPLANATORY NOTE

Various news polls, surveys, news reports and studies have shown that the “peace and order” situation is one of the public’s main concerns. Simply put, people are worried of their own safety and more importantly, for the safety of their families and loved ones.

There is thus a compelling need to upgrade and strengthen law enforcement agencies and enhance public safety services.

Specifically, we need to ensure a more effective administration of criminal justice. We must therefore provide the Philippine National Police (PNP), a continuing pool of criminology graduates, professional criminologist and criminology experts who have complied with existing policies and standards in their respective fields of expertise established by the Government through the Commission on Higher Education (CHED).

This measure seeks to respond to the abovementioned needs by amending Republic Act 6975, also known as the “Department of Interior and Local Government Act of 1990”, as amended.

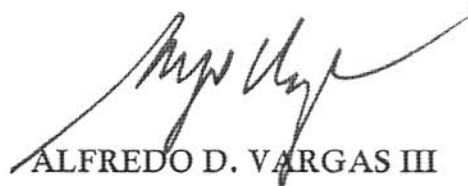

Hopefully, by enacting this amendment, we will be encouraging institutions of higher education to supplement the training programs of the PNP Academy and provide PNP with additional recruitment candidates who are ready to contribute to our police force.

This proposed Act provides that **graduates of criminology from any Philippine school of criminology duly recognized by the Commission on Higher Education (CHED) shall be allowed to enlist or be appointed as member of the Philippine National Police with a rank of at least Police Officer 1 without the need of taking the qualifying examination.**

Also, with regard to lateral entry of officers into the PNP, it is provided that original appointments of commissioned officers shall commence with the rank of Inspector, to include all those with highly technical qualifications applying for the PNP technical services and **the measure includes or adds into the category, Psychologists, Computer Programmers, Accountants and other Baccalaureate degree holders. This is as long as provided that they pass the required examinations which shall entitle them to practice their respective professions.**

With this proposed law, we can thus achieve our long-held goal of being able to provide additional options to the PNP on developing its human resources. We hope the result will be more efficient and effective services in the fields of criminal justice system administration, public security, safety administration and law enforcement.

For the said reasons, the immediate approval of this measure is earnestly urged.
