HOUSE BILL NO. 779

Introduced by Representative Harlin Neil J. Abayon III

EXPLANATORY NOTE

This bill seeks to grant discount privileges to qualified farmers and fishermen by allowing a P2.00 discount for every liter of petroleum products sold to them with the end view of further improving their farming and fishing activities. The discount will lessen the expenses of farmers and fishermen in the pursuit of their business activities which will benefit not only the farmers and fishermen but also the retailers and end-users. One of the priorities of the government is food security and this can be achieved if the government will extend assistance to farmers and fishermen as provided in this legislation.

This measure was previously filed by Senator Manny Villar in the 15th Congress. Passage of this Bill is earnestly sought now in the 17th Congress.
