EXPLANATORY NOTE

The Constitution provides that "the State shall protect the nation's marine wealth in its archipelagic waters, territorial seas and economic seas and economic zone and reserve its enjoyment to the Filipino citizen. Pursuant to the constitutional mandate, Section 2 of the Republic Act No. #7586, otherwise known as the National Integrated Protected Areas System (NIPAS) Act provides further that it is the "policy of the State to secure for the Filipino people of its present and future generations, the perpetual existence of all native plants and animals through the establishment of a comprehensive system of integrated protected areas within the classification of national park as provided for in the Constitution.

Thus, it is incumbent upon Congress to declare the Sombrero Turtle and Sea Eagle Island Sanctuary as a Protected Area and Critical Habitat in order to safeguard its ecological significance and protect the diminishing pollution of the Hawksbill Turtles (*Erethmochelys Imbricate*) and Green Sea Turtles (*Chelonia Mydas*). It is also the nesting site of the Sea bird (White breasted Sea Eagle) including the terrestrial and marine ecosystems and resources and its hosts, as well as provide for its regimented management.

The Bill intends to establish additional measures for the preservation and protection of the Philippines biological diversity and promote ecological sustainable development. It aims to expand the participation of the private sector in the conservation of the environment by providing for incentives and a strong science-based framework which will guide the programs and activities for the same.

In view of the foregoing, the immediate approval of this Bill is earnestly sought.

Protected Area Superintendent Office—There shall be a PASu office within the DENR Regional Office for the Sombrero Turtle and Sea Eagle Island Wildlife Sanctuary and Critical Habitat that shall provide general support and coordinative services such as preparation of preliminary management plan and action plans, interagency linkages, community partnership building, park visitors education and information programs enforcement of park rules and regulations, processing of permits and monitoring of operations.

The PASu as head of office shall be the chief operating officer of the Protected Area and shall be accountable to the Regional Executive Director (RED) of the DENR Regional V and the PAMB. The PASu shall be supported by the DENR personnel designated therein. The PASu shall serve for a minimum of five (5) years and must have competence and experience in the field of environmental protection.

Article 2
Protected Area Management Plan

SECTION 10. Protected Area Management and Action Plans---The PASu office, under the general supervision of the PAMB, shall be within six (6) months from the effectivity of this Act, prepare the (25) year management plan for the Sombrero Turtle and Sea Eagle Island Wildlife Sanctuary and Critical Habitat in consultation with appropriate offices of the DENR, LGU's local communities, concerned government agencies and experts who may extend their services.

The management plan shall be reviewed, approved and adopted by the PAMB, which shall also verify that it conforms to all laws and rules regulations issued by the DENR, and certified to by the DENR Secretary within the sixty (60) calendar days from submission thereof.

The management plan shall serve as guide to all activities relating to Sombrero Turtle and Sea Eagle Island Wildlife Sanctuary and Critical Habitat, including its development as an ecotourism destination, in order attain the objectives stated in Section 2 hereof. Within one (1) year from the effectivity of this Act, the management planning shall be formulated in accordance with the general management planning strategy provided for under the NIPAS Act of 1992 and its implementing rules and regulations and administrative orders. The management plan shall contain, among others, the following:

- a.) The goals and objectives pursuant to Section 2 hereof;
- b.) The protected nature of the areas covered;
- c.) The period of applicability of the plan;
- d.) Key management issues and activities such as habitat;
- e.) Establish zoning and activity regulations;
- f.) Establishment of visitor management program;
- g.) Establishment of sustainable livelihood and investment programs;

Revisions or modifications of the management plan may be initiated by the PASu or any PAMB member and shall be reviewed, approved and adopted by the PAMB and certified to by the Secretary.

After its approval, adoption and certification, the plan shall be translated in the local vernacular and shall be made readily available for the perusal by the general public.

Six (6) months after the formulation of the management plan, the PASu, in consultation with the appropriate offices of the DENR, LGU's, local communities, concerned government agencies, shall prepare a five (5) year action plan, subject to review and approval by the PAMB.

Before the expiration of the said five (5) year action plan, the PASu shall within a year, cause the publication of notices on the formulation of the succeeding action plan through broadcast and print media and posting of notices in conspicuous places within the provincial, municipal and barangay halls in order to solicit opinions on how to improve it.

The PAMB may conduct a public hearing or series of public hearings on the action plan upon written request of any interested party.

In the event that no action plan is approved and adopted upon the expiration of the existing plan, the latter shall continue to be effective subject to modifications as may be adopted by the PAMB.

The same procedure shall be followed in the case of the management plan.

SECTION 11. Integration of the Management Plan into Local Government Development Plans.---LGU's through their representation in the PAMB, shall participate in the management of the Sombrero Turtle and Sea Eagle Island Wildlife Sanctuary, Critical Habitat and its buffer zones. To ensure that the future development of the Province of Masbate and Bicol Region takes place in accordance with this Act, the provisions herein shall be incorporated into the barangay, municipal and provincial development plans of Masbate and the Regional Development Plan (RDP) of Bicol Region as part of the environmental concerns of the province and the region. LGU's shall likewise ensure that their ordinances pertaining to the environment are consistent with this Act and the management plan, as herein provided.

Chapter III Tenured Migrants and Private Rights

SECTION 12. Tenured Migrants and Private Rights.---Tenured migrants are individuals and households who have actually and continuously occupied areas not classified as alienable and disposable within the Protected Area and chiefly derived their livelihood therein since October 10, 1991 or earlier. Whenever practicable, tenured migrant communities of more than five households occupying contiguous lots shall be provided with tenurial rights over their current habitation sites and shall be offered alternative sites preferably within the buffer zones whenever said area is crucial for conservation. Provided, that provisions for their transfer shall be undertaken using humanitarian considerations and shall be provided with security of tenure over their given relocations and such other support deemed appropriate.

In all other cases, the grant of tenurial rights must take into account the need to promote clustering and to avoid unnecessary displacement. In areas where tenurial instruments are granted, appropriate use zones shall be established for the purpose of maintaining noncommercial livelihood activities.

The land areas used as home lots or farm lots shall be held by individual household. Land areas used for the communal basis shall not be held individually.

Tenurial instruments shall not be used solely on the basis of documents but must be supported by indisputable evidence of permanent land utilization for five (5) years before October 10, 1991, by the following circumstances, such as:

- a.) Cultivated trees at their fruit bearing stage;
- b.) Physical structures in the area indicating prolonged occupancy;

- c.) Certification from the barangay captain or any two (2) respected members of the nearest community attesting to occupancy;
- d.) Other relevant data (e.g. previous census reports) that may be accepted by the PAMB;

Existing land title instruments shall be reviewed by the PASu and endorsed by the PAMB to the DENR Regional Office for validation and reversion. The PAMB shall recommend the issuance of the appropriate tenure instrument consistent with land classification and allow the use of resources found therein.

Persons who fail to qualify as tenurial migrants including transient farmers shall be allowed to gather and collect whatever they have planted within five (5) years from effectivity of this Act. The transfer of non-tenured migrants from the Sombrero Turtle and Sea Eagle Island Wildlife Sanctuary and Critical Habitat shall be undertaken using humanitarian considerations.

In the event of termination of tenurial instrument for cause or by voluntary surrender of rights, the PASu shall take immediate steps to rehabilitate the area and restore it to its natural state.

Chapter IV Special Areas of Concern

SECTION 13. Existing Commercial Facilities Within the Protected Area.--- Within ninety (90) days from effectivity of this Act, all existing commercial facilities within the boundaries of the Protected Area or its buffer zones with a total capitalization in excess of Fifty Thousand Pesos (P50,000.00) shall be submitted to the PAMB through the PASu, the following information:

- a.) Potential for disturbance of protected area species and their habitat, reproductive cycle, nesting and feeding grounds, and migratory paths;
- b.) Noise levels at all stages of operation;
- c.) Requirements of water supply and sources of water;
- d.) Energy requirements and sources of energy;

Thereafter, the PAMB, with the assistance of the DENR, shall determine whether the existence of a facility and its future plans and operations will be detrimental to the Protected Areas and its buffer zones.

Failure to submit the required information shall constitute a violation of this Act. The PAMB may prescribe further conditions for the operation of the facility to ensure that it is not in conflict with the management objectives of the protected area. If any such conditions are violated, a fine of (P5,000.00) Five Thousand Pesos for everyday of violation shall be imposed upon the owners of the said facility, but not to exceed a total of four hundred fifty thousand pesos (P450,000.00). Whenever necessary, the PAMB through the PASu or other government entities shall cause the cessation and demolition of the facility at the cost of the owners.

The existing facilities allowed to remain within the protected area or its buffer zones shall be charge a fee by the PAMB, which shall not be more than two (2%) percent of the annual gross income of the facility. Provided, that existing commercial facilities whose operations and or purpose are considered contradictory to protected area management objectives shall be ordered by the PAMB to vacate the protected area with such time as the PAMB may provide.

SECTION 14. Utilization of Resources .---Livelihood activities requiring the use of natural resources derived from the protected area shall be allowed only when sustainable , consistent with the management and action plans, and after prior PAMB approval.

The PAMB is authorized to impose regulatory measures such as hunting moratoriums, closed hunting season and other restrictions on the use of resources within the protected area and its buffer zone to ensure the sustainability of the species and the ecosystem.

Any exploitation or utilization of non-renewable regulatory measures within the protected area for commercial purposes or by non-tenured migrants shall not be allowed.

Energy projects, whether renewal or otherwise, within the protected area shall only be allowed through an Act of Congress except energy from wind, sun, waves and water resources: Provided, that in all instances, the primary beneficiaries shall be residents of the protected area and its buffer zones. Provided, further, that all energy projects shall undergo the EIA system as provided by law: Provided finally, that the PAMB has endorsed the project.

Commercial exploitation of water resources within the protected area shall require prior PAMB approval, in accordance with the management and action plans and should undergo EIA system

Chapter V Penal Provisions

Chapter VI Miscellaneous Provisions

SECTION 17. Special Prosecutor.---Within thirty days from the effectivity of this Act, the Department of Justice (DOJ) shall appoint a Special Prosecutor to whom all cases in violation of laws, rules and regulations in the Protected Area shall be assigned. Such Special Prosecutor shall coordinate with the PAMB and the PASu in the performance of his/her duties and assist in the training of wardens and rangers in the arrest of offenders and in criminal procedure. The PAMB shall periodically submit to the DOJ an evaluation of the performance of the designated Special Prosecutor.

SECTION 18. Special Counsel.---The PAMB may retain the services of the competent lawyer to prosecute and or assist in the prosecution of cases under the direct control and supervision of the Special Prosecutor and to defend the members of the PAMB and the officers and the staff of the PASu Office, or any person assisting in the protection, conservation and sustainable development of the Protected Area against any illegal action related to their powers, functions and duties as provided in this Act or as delegated by the PAMB.

SECTION 19. Integrated Protected Areas Fund.---There is hereby established a trust fund to be known as the Integrated Protected Areas Fund for the purposes of financing projects of the system. All income generated from the operation of the system or management of wild flora and fauna in the Protected Area shall accrue to the fund. This income shall be derived from the fees from permitted sale and export of flora and fauna and other sources from the Protected Area proceeds from lease of multiple-use areas, contributions from the industries and facilities directly benefiting from the Protected Area, and such other fees and income derived from the operation of the Protected Area.

The fund may be augmented by grants, donations, endowment from various sources domestic and foreign for purposes related to their functions; Provided, that the fund shall be subject to the retention of the management board of the protected area, of seventy-five percent (75%) of all revenues raised therefrom and deposited in any government bank within the locality where the protected area is located; and that disbursements shall be made solely for the protection, maintenance, administration and management of the area and implementation of duly approved projects endorsed by the PAMB in accordance with the existing accounting, budgeting and auditing rules and regulations; Provided, further, that the twenty-five (25%) percent of the revenues shall be deposited as special account in the National treasury; Provided, finally, that fund shall not be used to cover personal services expenditures.

The LGU's shall continue to impose and collect all other fees not enumerated herein which they may traditionally collected, such as business permits, property tax and rentals of local government units facilities. Furthermore, LGU's may charge add-ons to fees imposed by the PAMB provided that such add-ons shall be determined based on the contribution of the LGU's in the maintenance and protection of the Protected Area.

Chapter VII Final Provisions

SECTION 20. Appropriations.---The Secretary shall immediately include in the Department's program the implementation of this Act, the funding of which shall be included in the annual General Appropriations Act.

SECTION 21. Interpretation.---The provisions of this Act shall be construed liberally in favor of achieving biodiversity conservation, protection and sustainable development. The provisions of republic Act No #7586, otherwise known as the NIPAS Act, and republic Act No. #8550, otherwise known as the Philippine Fisheries Code of 1998, and existing forestry laws and their corresponding rules and regulations not consistent herewith shall be suppletory application in the implementation of this Act.

SECTION 22. Implementing Rules and Regulations.---Ninety (90) days after the effectivity of this Act, the DENR, in consultation with the PAMB and concerned NGO's shall promulgate the implementing rules and regulations necessary to effectively implement the provisions of this Act.

SECTION 23 Separability Clause.---If any part or section of this Act is declared by the courts as unconstitutional, such declaration shall not affect the other parts or sections hereof which shall continue to be in full force and effect.

SECTION 24 Repealing Clause.---All other laws, rules and regulations inconsistent with this Act or any provision hereof are hereby repealed or are modified accordingly.

SECTION 25. Effectivity Clause.---This Act shall take effect fifteen (15) days after its publication in the Official Gazette or in two (2) newspapers of general circulation readily available and in around the scope specified herein. It shall likewise be posted in a conspicuous place at the Municipal Halls of Batuan, San Fernando, San Jacinto, Monreal, Claveria and San Pascual, located in the Islands of Ticao and Burias respectively and in the Barangay Hall of Iniwaran concerned where the Protected Area is located and in other places frequented by the public.

Approved,
