

Republic of the Philippines
HOUSE OF REPRESENTATIVES

SEVENTEENTH CONGRESS
First Regular Session

HOUSE BILL NO. 4418

Introduced by Representative HARLIN NEIL J. ABAYON III

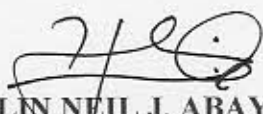

EXPLANATORY NOTE

This bill seeks to protect and promote the health of the people, pursuant to the constitutional mandate as stated in Article II (2), Section 15 of the Constitution which reads:

“SEC. 15. The State shall protect and promote the right to health of the people and instill health consciousness among them.”

Past experience has shown that military operations, whether the encounter is between the military and communist insurgents, or between government troops and military rebels, or during saturation drives or “zonings” conducted by the police, has left great civilian casualties. It is, thus, only proper that our government provide adequate help and support to the innocent individuals unfortunately caught and injured in the crossfire or police dragnet. At present, there is no law, which provides any form of aid or help to these innocent victims.

In view thereof, approval of this initiative is earnestly sought.
