

Republic of the Philippines
HOUSE OF REPRESENTATIVES
Quezon City

SEVENTEENTH CONGRESS
First Regular Session

HOUSE BILL NO. 4483

Introduced by Rep. Winston "Winnie" Castelo

EXPLANATORY NOTE

The State shall give priority to education, science and technology, arts, culture and sports to foster patriotism and nationalism, accelerate social progress, and promote total human liberation and development. (Sec.17, Article II, The 1987 Philippine Constitution). However, on account of poverty, many high school alumni are unable to enrol in college. It's about time the State underwrote college education of the underprivileged and diligent high school students. Setting a standard (85% GWA) would motivate such indigent students to work hard in order to qualify and their success rate would be high inasmuch as gaining such GWA presupposes their calibre as learners.

Hence, the State's sponsoring their college education would contribute to general human liberation and development since such students would be lifted out of poverty and empowered to become more useful nation builders in the process.

The immediate passage of this proposed measure is highly recommended.
