HOUSE BILL NO. 4730

Introduced by **HON. GUS S. TAMBUNTING**

EXPLANATORY NOTE

This bill seeks to create an elderly care and nursing facility for our beloved senior citizens in the City of Parañaque.

Families who cannot take care of, provide for, take charge of their elderly relatives will now have an option on where they can place their relatives where they will be well cared for.

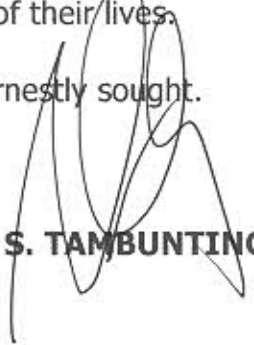

Filipino families have always been known as close-knit. We are known to take care of our aging relatives and provide for them until their death. But nowadays, many families especially those in the poverty line, have a difficult time in making ends meet for their family, much less, take care of an ailing elderly relative.

Sometimes, you will find these elderly on the streets, where their family left them to fend for themselves or who simply leave their own homes so they would not be a burden to their families anymore.

This center will give these elderly people a sense of dignity and belongingness and give them the care that they deserve in the twilight of their lives.

It is for this reason that the passage of this bill is earnestly sought.
