

Republic of the Philippines

SEVENTEENTH CONGRESS
First Regular Session
HOUSE BILL NO. 5606

Introduced by Rep. Winston "Winnie" Castelo

EXPLANATORY NOTE

Honor graduates earned their place in the academic sphere. Their reputation precedes them. They possess arcane wisdom shared only by a few. Hard work is what propels their brilliant ideas and their firm determination brings them to fruition. Recognitions and plaques are mere tokens of their scholastic achievement. There should be more.

The government would do well to bankroll their post-graduate education, which is the next logical step for them to take. Their success rate is one hundred percent. Their track record of excellence guarantees their next level victories. It would be in the best interest of the nation to fund their continuing education and guarantee their pursuit of advanced studies. Their collective success would greatly contribute to nation building.

Every honor graduate, should thus be able to pursue graduate studies in a manner that does not take away from their domestic economy.

The immediate passage of this proposed measure is most earnestly sought.
