HOUSE BILL NO. 5760

Introduced by Congressman Abraham "Bambol" N. Tolentino

EXPLANATORY NOTE

The goal of this bill is to convert the road stretching from barangays Maitim II Central, Maitim II West, Silang Crossing West and Maharlika East, in the City of Tagaytay, Province of Cavite, into a National Road. The City of Tagaytay being a thriving tourism destination in Southern Luzon exigently needs additional road networks to accommodate the volume of vehicles and motorists coming in and out all year round. Conversion and development of certain roads is inevitable to address traffic issues and provide easement and convenience to tourists, motorists and vehicles. Besides, the road is part of the tourism development which is expected to further enhance the tourism potential of the City.

Geographically, the expanse of Tagaytay to Nasugbu is a natural tourism splendor. Vehicles converged in the City continually in volume, be on ordinary day or holiday. Since tourism is the main dependences of the City's economy and industry, the development of road networks and infrastructures should be given priority. And the subject roadway is one of the important road networks in Tagaytay City. This road facilitates the flow of vehicles and tourists to various establishments, restaurants, religious and retreat houses, subdivisions, resorts, educational institutions, markets, training centers, apart from its role in the flow of trade and commerce, transport of merchandise and commodities to adjoining cities and municipalities. It is therefore indispensable that the identified road be converted to national road, considering its function and contribution to local economy, and to the national economy in general.

This bill therefore, finally aims to convert the road stretching from Barangays Maitim II Central, Maitim II West, Silang Crossing West and Maharlika East, in the City of Tagaytay, Province of Cavite, into a National Road.

In view of the foregoing, approval of this bill is earnestly sought.
