House Bill No. **6183**

Introduced by Representatives **John Marvin "Yul Servo" Nieto**, **Edward Vera Perez Maceda**,

EXPLANATORY NOTE

Article II, Section 26 of the 1987 Constitution provides that:

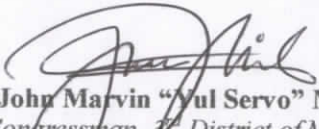

"The State shall guarantee equal access to opportunities for public services, and prohibit political dynasties as may be defined by law."

It is also provided by the Civil Service Act of 1959, Section 23, that opportunity for government employment shall be open to all qualified citizens and positive efforts shall be exerted to attract the best qualified or unclassified service. Employees shall be selected on the basis of their fitness to perform the duties and assume the responsibilities of the positions whether in the competitive or classified or in the non-competitive or unclassified service.

It is the purpose of the Civil Service Act to provide within the public service a progressive system of personnel administration to insure the maintenance of an honest, efficient, progressive and courteous civil service in the Philippines.

The Government has invested in education by means of State Universities and Colleges. Further, the law, under Presidential Decree No. 907 grants those who graduated summa cum laude, magna cum laude or cum laude a Civil Service Eligibility. In line with this, priority should be afforded to qualified honor graduates, as this will be their way of giving back to the country. It may also be a means for the students to strive academically in order for them to be prioritized in the appointment for government service.

Hence, the immediate passage of this bill is earnestly sought.
