HOUSE BILL NO. 6377

Introduced by Rep. Winston "Winnie" Castelo

EXPLANATORY NOTE

School teachers perform their duties in ways that define them as compassionate members of the society. For the most part, they make out-of-pocket purchases on educational tools/materials integral to their pedagogical function. This they customarily do for the sake of their students. They develop parental love and concern for their students that they would not mind spending for them. Deplorably, they are among the state workers who are least compensated.

This proposed measure seeks to extend discount to these kind hearted mentors on all purchases they make on education-related products. This is a small token for the huge sacrifice that they make for the sake of their students.

The immediate passage of this timely bill is thus most earnestly sought.
