

Republic of the Philippines
House of Representatives
Quezon City, Metro Manila

SEVENTEENTH CONGRESS
Second Regular Session

HOUSE BILL NO. 6746

Introduced by Rep. Dale "Along" R. Malapitan

Explanatory Note

Paragraph (1), Section 5, Article VI of the 1987 Constitutional states that "the House of Representatives shall be composed of not more than two hundred fifty members, unless otherwise fixed by law, who shall be elected from legislative districts apportioned among the provinces, cities, and the Metropolitan Manila Area in accordance with the number of their respective inhabitants, and on the basis of a uniform and progressive ratio..."

Paragraph (3) of the same section further provides that "each legislative district shall comprise, as far as practicable, contiguous, compact and adjacent territory. Each city with a population of at least two hundred fifty thousand, or each province, shall have at least one representative.

Thus, pursuant to this constitutional mandate, an Ordinance was adopted in October 15, 1986 by the framers of the 1987 Constitution which was made appended thereto and ratified together in a plebiscite called for the purpose, and which apportions the seats of the House of Representatives of the Congress of the Philippines to the different legislative districts in provinces and cities, and the Metropolitan Manila Area.

Under Section 1 thereof, for Metropolitan Manila Area, the City of Caloocan was allocated two (2) seats, whereby the First District shall be composed of seventy (70) barangays, all of Caloocan North of EDSA, while the Second District shall consist of one hundred seventy seven (177) barangays, all of Caloocan South of EDSA. Section 3 of the same Ordinance however entitles any city whose population may thereafter increase to more than two hundred fifty to have at least one Member or such number of Members as it may be entitled to on the basis of the number of its inhabitants and according to the standards set forth in paragraph (3), Section 5, Article VI of the Constitution.

Noteworthy to mention that at the time of the passage of the said Ordinance in 1986, Caloocan City has a population of around Six Hundred

Forty Five Thousand (645,000) people only, using the 1980 and 1990 Census of Population and its average annual growth rate as basis. Today, exactly thirty one years since that Ordinance was ordained, the city's population had grown by leaps and bounds, in that based on the 2015 Census of Population of the Philippine Statistics Authority, Caloocan City has a total number of inhabitants of One Million Five Hundred Eighty-Three Thousand Nine Hundred Seventy-Eight (1,583,978), or a marked increase of Nine Hundred Thirty-Eight Thousand Nine Hundred Seventy-Eight (938,978). Of this city's total population, 75.34% or 1,193,419 lives in the First Legislative District of the city and the rest resides in the Second Legislative District.

This latest information on the population census of the city therefore impress a case of disproportion in the city's entitlement for proportionate representation in the House of Representatives since the current assignment of seats therefor does not augurs well with the intent and established standards set forth in paragraph (3), Section 5, Article VI of the 1987 Constitution. Conversely, Caloocan City, given the obtaining circumstances on its population, is largely underrepresented in the Lower House of Congress and, therefore, its interest not fully promoted and protected.

Hence, this proposed bill is designed to address this patent inequity of representation by providing for a realistic reapportionment of Caloocan through the allocation more seats for the city and which, thereby, also results in the creation of additional positions in the Sangguniang Panglungsod to 24 seats following the parameters or standards set by the Constitution and the existing laws on the matter.

Thus, with the foregoing, the immediate consideration and approval of this proposed piece of legislation is highly recommended.
