SEVENTEENTH CONGRESS
First Regular Session

6884
HOUSE BILL NO. _____

Introduced by Rep. Abdullah D. Dimaporo and Rep. Mohamad Khalid Q. Dimaporo

EXPLANATORY NOTE

This bill seeks to declare the Maranding Watershed Area situated in the municipalities of Salvador, Sapad, Nunungan, Tangkal and Kapatagan as components of the National Integrated Protected Areas System under the category of protected landscape.

The forest areas in the municipalities of Salvador, Sapad, Nunungan, Tangkal and Kapatagan, Province of Lanao del Norte are identified as part of the most sustainable forest areas in the province. The Maranding Watershed Area is the main source of water in these municipalities. The tributaries of the Maranding Watershed Area are the rivers of Cabuyao, Salung, Kidalos Creek and Butadon.

Recent studies reveal that there is an insufficient supply of water in these areas because watersheds and river basins are seriously degraded due to wanton exploitation of the forests. Deforestation, improper farming practices, infrastructure build-up and quarrying aggravated the low water supply in the municipalities of Salvador, Sapad, Nunungan, Tangkal and Kapatagan.

The declaration of the Maranding Watershed Area under the category of protected landscape will ensure sufficient water supply for the people in the affected municipalities. It will also accelerate the implementation of programs relative to the protection of the ecological watershed and the conservation and restoration of the bio-diversity resources such as its flora and fauna. In addition, the issues of land use, land tenure, land claims, resource access and water availability will be uniformly and consistently addressed.
