HOUSE BILL NO. 7427

Introduced by Rep. Winston "Winnie" Castelo

EXPLANATORY NOTE

Fire safety awareness among children is an indispensable element in fire prevention. When left to their own devices, children are vulnerable to and liable to start domestic fires. The State should underwrite our children's awareness on fire safety. Starting with our children is a sure-fire way to fire prevention.

Hence, schools should institute alternative classroom learning systems by which to instill in elementary and high schools students fire safety awareness.

The immediate passage of this proposed measure is thus most earnestly sought.
