

REPUBLIC OF THE PHILIPPINES
HOUSE OF REPRESENTATIVES
Quezon City

SEVENTEENTH CONGRESS
Second Regular Session

House Bill No. 7688

Introduced by **MAGDALO Party-List Representative**
HON. GARY C. ALEJANO

EXPLANATORY NOTE

There is a need to create a central agency that will consolidate the functions currently being undertaken by the Land Transportation Office, the Land Transportation Franchising and Regulatory Board, the DOTr's Office of Transport Cooperatives, the PNP's Traffic Management Group and the MMDA's Traffic Enforcement Group. This is to avoid the confusion as to which agency is tasked to maintain law and order on the streets of the Philippines, as well as to provide direction and administration to the nation's land transportation industry.

As envisioned by the bill, a National Land Transportation Authority (NLTA) shall absorb the functions of a merged LTO and LTFRB as the primary policy, planning, programming, coordinating, implementing, regulating and administrative entity of the government in the promotion, development and regulation of a dependable network of land transportation systems.

In so doing, a more efficient agency capable of addressing the various needs of the land transportation industry is created, which, through regulations, will ensure public safety and welfare.

To allow the agency to do its broad function, the bill authorizes the NLTA to use 50% of the income that it collects from its operation. This will enable the agency to modernize in order to be better equipped to do the tasks at hand.

As we move towards progress, we need a land transportation agency that is up to the challenge. We can only attain this if this bill is passed into law.

In view of the foregoing, the immediate approval of this bill is earnestly sought.
