THOUSAND (1000) BEDS, UPGRADING THE SERVICE FACILITIES
AND PROFESSIONAL HEALTH CARE THEREIN, AND
APPROPRIATING FUNDS THEREFOR

EXPLANATORY NOTE

The Davao Regional Medical Center ("DRMC") is a government tertiary training hospital at the heart of Tagum City, serving patients from Compostela Valley, Davao del Norte, Davao del Sur, Davao Oriental, Surigao del Sur, Agusan del Norte, and Agusan del Sur. In 2015, its capacity was increased from two hundred (200) to six hundred (600) beds in response to the hospital's need to enhance its capacity to serve a larger area.

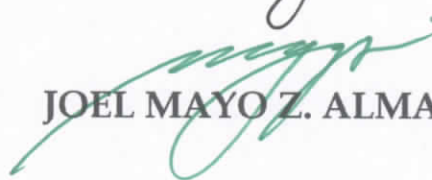

Today, the DRMC provides top-notch health services to the region and has contributed significantly to Mindanao's health sector development. It holds the distinction of being the Cancer Center for Mindanao and has the only accredited Kidney Transplant Program in Mindanao. Additionally, it operates beyond Tagum City through its Extension Hospital in San Isidro, Davao del Norte, which is in dire need of competent manpower to adequately serve the population therein.

In order to sufficiently provide for the health service needs of the region and further promote the development of Mindanao's health sector, this bill seeks to increase the bed capacity of the DRMC from six hundred (600) to one thousand (1000) beds and provide for the manpower needed for the operations of its Extension Hospital.

In view of the foregoing, the approval of this bill is highly and earnestly sought.
