SEVENTEENTH CONGRESS
Third Regular Session

HOUSE BILL NO. **7990**

Introduced by Honorable Michael L. Romero

EXPLANATORY NOTE

The state recognizes that small and medium-sized disasters often occur in silence throughout the whole year, without the attention of the mainstream media. Without visibility or awareness beyond the local region in which they occur, these silent disasters often do not receive the entry of financial support that can follow large-scale emergencies or disasters.

To support these emergencies or disasters and to provide initial funding before such emergency appeals are launched for large-scale disasters, it is imperative that the national government allocates grants from its **Disaster Resilience Funding**.

This House Bill seeks to provide immediate financial support, enabling all concerned and affected personnel, organizations to carry out their unique role after a disaster.

Thus, the early passage of this bill is earnestly requested.

MICHAEL L. ROMERO Ph.D.
