HOUSE BILL NO. 7996

Introduced by: **"KUYA" JOSE ANTONIO R. SY-ALVARADO**

EXPLANATORY NOTE

Teaching is considered as the mother of all profession. Without it, there will be no lawyers, doctors, engineers, accountants and other prominent profession. The teacher's role in shaping the youth is crucial for the development of their knowledge, training and values. Unfortunately, the salaries of the teachers barely meet their necessities much less provide for their medical healthcare.

The purpose of this bill is to provide a health maintenance organization (HMO) program for all public school teachers in order to promote and maintain their health. Their indispensable effort in educating the youth should be compensated not just by giving them monetary remuneration but also providing them with the best health care possible.

Hence, this proposal is submitted for consideration.
