THIRD REGULAR SESSION

HOUSE BILL NO. 8149

Introduced by Representative **ALLEN JESSE C. MANGAOANG**

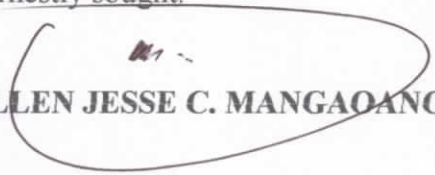

EXPLANATORY NOTE

This bill seeks to separate the Tabuk City National High School- Bantay Extension in Barangay Bantay, City of Tabuk, Province of Kalinga from its mother school the Tabuk City National High School and convert it into a separate and independent national high school to be known as Bantay National High School.

The Tabuk City National High School- Bantay Extension has been in existence for five years now. It was opened to cater to indigent high school students from Barangay Bantay and its nearby barangays who are mostly beneficiaries of the Pantawid Program and financially incapable of going to schools far from their barangays. At present the school has a student populace of 125 with eight teachers. The school site was acquired through a deed of donation and accessible to all forms of vehicle transportation. Due to the increase of population in Barangay Bantay and nearby barangays, there is an indication that student enrollees will grow in the coming years. In fact, it was projected that in five years' time, student population would increase to 347. This is based from the number of students graduating from the five catchment primary schools. Furthermore, the Barangay Local Government Unit of Bantay has committed to support the school with the grant of financial assistance for the implementation of school's programs, projects and activities. This goes to say that the whole community is supportive of the school and backs its quest to become an independent national high school.

With the conversion of Tabuk City National High School- Bantay Extension into an independent national high school, the capability of the school as catalyst of change will be boosted. It is a generally accepted fact that better accessibility to education will not only improve the economic life of the people but even their social and political conditions. As the government is brought closer to the people in this part of the country, our children are also drawn further away from the dangerous clutches of insurgency, juvenile delinquency, crimes, ignorance and poverty.

In view of the foregoing, passage of this bill is earnestly sought.
