SEVENTEENTH CONGRESS
Third Regular Session

HOUSE BILL NO. 8166

Introduced by REP. RAMON ANTONIO VICENTE "RAV" M. ROCAMORA

EXPLANATORY NOTE

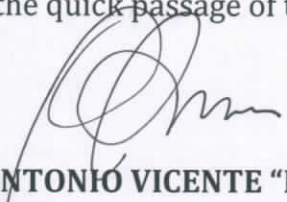

This Bill seeks to convert the road network connecting Barangay Pulangyuta in the Municipality of Siquijor and the Municipality of San Juan, Province of Siquijor into a National Road.

The Province of Siquijor is currently on the verge of economic take-off with a bustling eco-tourism industry which need to be supported with efficient road networks. Further, well-maintained roads are necessary to quickly transport goods and deliver services needed by communities.

The aforesaid road network is a critical link to ports around Siquijor which is an island province. Not only will farmers benefit from this initiative but poor, marginalized fisherfolks as well.

Yet, our LGUs are currently unable to meet the costs of maintaining the integrity of the road as they grapple with the provision of other basic services to Siquijodnons like water and power. This has resulted in the deterioration of this vital artery of the island.

For these reasons, I humbly seek the quick passage of this bill.
