EXPLANATORY NOTE

As a manifestation of support to this timely piece of legislation, this representation respectfully refiles this bill, which has constantly been receiving support from the past and present (Rep. Rodriguez Jr.'s HB 7570) Congress.

Our garbage collectors risk their lives on the daily basis. They are exposed to harmful chemicals and toxins, and to the various hazards that come with the collection of garbage. Their services are seldom noticed, but it is integral to everyone's daily lives.

Their perseverance in doing what needs to be done has greatly benefited many Filipinos and this nation. It is only proper and just that they are recognized and affirmed by this House for the services they provide for the country. The best way to extend gratitude to these hardworking and selfless employees is to make sure that they are compensated for all the work that they do.

This measure seeks to alleviate the burden of their current working condition by providing a hazard pay of Two Thousand Pesos (Php 2,000.00) per month to local government employees whose work entails potential risk to their overall health and safety.

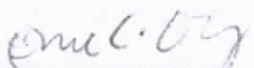

In view of the foregoing, the passage of this measure is earnestly sought.
