

REPUBLIC OF THE PHILIPPINES
HOUSE OF REPRESENTATIVES
Quezon City, Metro Manila

SEVENTEENTH CONGRESS
Third Regular Session

House Bill No. 8260

Introduced by Representative SARAH JANE I. ELAGO - Kabataan Party-list

EXPLANATORY NOTE

The promotion of Filipino culture is an integral part of nation building. National development cannot merely be measured through the qualification of material and economic gains, but in the overall and holistic development of the people in their political, social and cultural life as a nation. The 1987 Philippine Constitution even devotes several provisions on the promotion and preservation of Philippine arts and culture as an indispensable aspect of national development. Sec. 16, Art. XIV, for example. Provides that "The State shall conserve, promote, and popularize the nation's historical and cultural heritage and resources, as well as artistic creations."

An important aspect of any national heritage and culture is a nation's cinema. A "national cinema," loosely defined, is a country's body of films that embodies the social and cultural identity of its people. The film medium has, throughout this century, been an important means of reflecting the life of our nation through various genres that depict the lives of Filipinos. A genuine national policy on the promotion of Filipino cultural heritage cannot therefore exist without the inclusion of Philippine cinema development and appreciation as an integral part thereof.

During these times when economic conditions, like market forces and the cost of production, and the lack of government support have hampered and limited the full development of a truly vibrant Philippine cinema and the preservation of its history, and at a time when our youth are increasingly being bombarded by the influence of foreign films, it becomes more imperative and urgent to introduce our youth to Philippine cinema through series of lecture, or

through an entire subject taught in secondary schools with regard to Filipino films with a focus on its appreciation as a collective body of artistic creations that enhance and reflect the cultural and societal identity of our nation.

In the same way Philippine literature, through classics such as *Noli Me Tangere* and *El Filibusterismo*, among others, is taught in schools as a means of promoting and preserving one aspect of Filipino cultural heritage and history, Philippine cinema should likewise be given the opportunity to be appreciated by our youth, with the hope not only of providing them a picture of our identity and our history as a people, but also with the hope of inspiring them to take advantage of the medium, in its traditional and its digital variations, in order to showcase and express their aspirations as the bearers of our nation's future.

This bill - which was first filed in the 15th Congress by former Kabataan Party-list Rep. Raymond Palatino, then again filed in the 16th Congress by former Kabataan Party-list Rep. Terry Ridon - seeks to institute the mandatory instruction of Philippine cinema appreciation courses formulated by the Department of Education, in consultation with the National Commission for Culture and Arts (NCAA) and the University of the Philippines Film Institute (UPFI), in secondary schools across the country as separate subjects of incorporated in existing subjects now being taught, whichever is more practicable.

In view of the foregoing, the passage of this bill is earnestly sought.
