SEVENTEENTH CONGRESS
Third Regular Session

HOUSE BILL No. **8273**

Introduced by: **HON. JOSE CARLOS L. CARI**

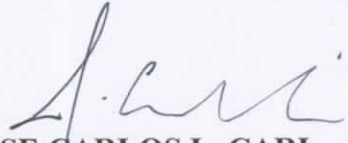

EXPLANATORY NOTE

The 1987 Constitution provides that the State shall protect and promote the rights of all citizens to quality education at all levels and shall take necessary and appropriate steps to make quality education accessible to all. The Constitution likewise mandates the State to establish and maintain a system of free education in the elementary and high school levels.

Therefore, it is proposed that Maganhan Junior High School be created to address the need for a junior high school in Brgy. Maganhan in Baybay City. There is an evident need for the formal establishment of the requested high school in this part of the Municipality since for the longest time the children of the barangay and neighboring barangays have been traveling six to eight kilometers every day to Baybay National High School just so they can pursue their secondary education. This has led them to incur travel and food expenses and exposed them to safety and health risks, which may be avoided by the creation of a junior high school near them.

This proposed measure aims to do justice to the youth of Barangay Maganhan and its neighboring barangays by providing them the opportunity to liberate themselves from illiteracy and eventually upgrade their social and economic status, without compromising their safety and well-being.

In view of the foregoing, approval of this bill is earnestly sought.
