**SEVENTEENTH CONGRESS**  
Third Regular Session  
**HOUSE BILL NO. 8325**

---

Introduced by **HON. LUIS RAYMUND "LRAY" F. VILLAFUERTE, JR.**

---

**EXPLANATORY NOTE**

The National Museum of the Philippines houses and acquires art, specimens and cultural and historical artifacts that are representative of the unique Filipino cultural heritage and the natural history of the Filipino people. It manages and develops the national reference collections of cultural heritage and natural history and displays them in key locations around the country. In 2016, the National Museum main, located at the old Congress building in Padre Burgos, saw a 30% increase in visitors as tourists and locals flocked the exhibits in the National Museum Complex. This year, the National Museum of National History of the Philippines opened and is expected to increase the growing interests of Filipinos for museums.

This legislation hopes to strengthen the mandate of the National Museum and further protect our national treasures, especially national artists being preyed on by syndicates. As the National Museum is envisioned as the premier institution and repository of our heritage, it is only right that we support it as it becomes a place that inspires people to learn about the Filipino cultural heritage and natural history.

The bill proposed intends to give the National Museum more flexibility in generating and spending its income to fund its redevelopment. The income mostly comes from donations from the private sector and the national government. Additionally, collectible items acquired by the National Museum through donations shall also qualify for income or inheritance tax deductions based on their estimated market value. The funds shall also be used to purchase much needed equipment and collection items.

The approval of this bill is earnestly sought.
