SEVENTEENTH CONGRESS

Third Regular Session

HOUSE BILL NO. 8540

Introduced by Representative Eric D. Singson

AN ACT

DECLARING THE TIRAD PASS PROTECTED LANDSCAPE WITHIN THE MUNICIPALITIES OF GREGORIO DEL PILAR, QUIRINO, SIGAY, CERVANTES, AND SUYO, ALL IN THE PROVINCE OF ILOCOS SUR, AS A PROTECTED AREA UNDER REPUBLIC ACT 7586 AS AMENDED BY REPUBLIC ACT 11038, OTHERWISE KNOWN AS THE EXPANDED NATIONAL INTEGRATED PROTECTED AREAS SYSTEM ACT OF 2018, PROVIDING FOR ITS MANAGEMENT, AND FOR OTHER PURPOSES

EXPLANATORY NOTE

The concept of sustainable development has led to the formulation and enforcement of national legislation and policies and commitment to global treaties and agreements. These have stemmed from the increasing undesirable effects of the country's critical state of its biological diversity. One policy that promotes sustainable development is the strengthening of RA 7586 through the passage of RA 11038 or the Expanded National Integrated Protected Areas System of 2018 (E-NIPAS ACT OF 2018). It provides for the effective management, conservation and protection of all protected areas in the Philippines. In Region 1, one of the initial components under the System is Tirad Pass National Park (TPNP) located within the Province of Ilocos Sur. It is one of the fifteen (15) protected areas in Region 1 that represents significant biodiversity, cultural and historical values. It has an approximate area of 6,386 hectares and is the only remaining mossy forest in the region.

This bill which shall be referred to as the Tirad Pass Protected Area Bill, further enhances the effective site-specific management for the Tirad Pass National Park since its establishment in July 20, 1938 under Presidential Proclamation No. 294. The establishment of the Tirad Pass National Park under the category of Protected Landscape will focus on the protection and conservation of its aesthetic, cultural, biological and economic features showcasing a rich terrestrial ecosystem that supports the local community.

It is therefore deeply essential to pursue the goals promulgated under Republic Act 7586 as amended by Republic Act 11038 through a state policy framework and long-term systematic process to restore the lost resources and ensure the sustainability of the protected area for the present and future generation.

In view of the foregoing, the approval of this bill is earnestly recommended.
