House Bill No. 8790

Introduced by Representative **John Marvin "Yul Servo" C. Nieto**

EXPLANATORY NOTE:

With the rising number of accidents involving vehicles that are operated by Transport Network Companies (TNCs), this representation believes that there is a need for the provision of insurance coverage meant to ensure that all victims are properly compensated.

This measure seeks to mandate Transport Network Companies, and service providers and operators of Transport Network Vehicles (TVNs) to create an insurance scheme for their passengers to ensure their protection and provide them the assurance that if accidents do arise, their expenses will be compensated.

In light of this, the passage of this bill is earnestly sought.
