House Bill No. **7015**

INTRODUCED BY REP. ALFRED VARGAS

AN ACT
UPGRADING THE BASIC SALARY OF GOVERNMENT MEDICAL
DOCTORS FROM SALARY GRADE 21 TO SALARY GRADE 23

EXPLANATORY NOTE

The Coronavirus Disease 2019 (COVID-19) pandemic has brought about a public health crisis of great proportions. As this public health emergency continues, the risk of contracting the virus becomes higher for medical frontline workers, especially for our doctors. According to the Philippine Medical Association, a number of medical doctors have already died due to COVID-19. The ongoing crisis has shown that government medical doctors deserve proper remuneration for their services to the country.

This bill seeks to upgrade the minimum salary grade of government medical doctors from Salary Grade Twenty-One (21) to Salary Grade Twenty-Three (23). This increase in salary grade for our government medical doctors reflects the need for just compensation for our heroes amidst public health crises and continued delivery of health services to the public.

In view of the foregoing, the immediate passage of this bill is earnestly sought.
