

Republic of the Philippines

Eighteenth Congress
First Regular Session

House Bill No. 7020

Introduced by Representative PAUL RUIZ DAZA

EXPLANATORY NOTE

Section 1, Article XIV of the 1987 Philippine Constitution specifically provides:

“Section 1. The State shall protect and promote the right of all citizens to quality education at all levels, and shall take appropriate steps to make such education accessible to all.”

Section 4 par. 1, Article XIV of the same Constitution also provides:

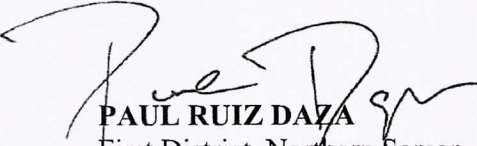

“Section 4. (1) The State recognizes the complementary roles of public and private institutions in the educational system and shall exercise reasonable supervision and regulation of all educational institutions.”

Pursuant to the above constitutional mandate, this bill seeks to improve the delivery of educational services and make the same available to the people of Northern Samar. Currently, in order to reach the regional center in Tacloban City, it would take around six to seven hours of travel which is burdensome.

The State also recognizes the role of the youth in society and education plays a vital role in the total human development. It is because of this that we need to ensure that students of higher educational institutions have easy access to the service of government agencies tasked to promote and prioritize education as catalyst of the country's growth and development.

If this bill will be passed into law, the people of Northern Samar will have an easier access to CHED for their educational concerns such as, but not limited to, applying or following up for student financial assistance and grants.

In view of the foregoing, the passage of this bill is earnestly sought.
