HOUSE BILL NO. 7396

Introduced by **Hon. ALAN 1 B. ECLEO**

EXPLANATORY NOTE

This bill seeks the establishment of a Provincial Office of the National Food Authority in the Province of Dinagat Islands.

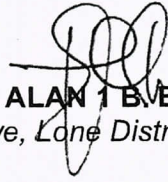

As provided for under P.D. 1770, also known as the National Food Authority Act, it is the declared policy of the State to promote the integrated growth and development of the food industry so it can adequately function as an institution conscious of its social responsibilities, capable of maintaining an adequate and continuous food supply, and contributing its proper share to the economy.

In realizing such policy, the National Food Authority (NFA) has instituted various regional and provincial NFA offices to ensure sufficient rice supply in supporting the needs of provinces. However, inadvertent as it was, some provinces upon its creation were not bestowed with provincial branches of vital national agencies. These provinces include the Province of Dinagat Islands.

Created in 2006 pursuant to RA 9355, the Province of Dinagat Islands still flourishes to be a home that ensures food security to its people despite being geographically challenged. However, fourteen years have passed since its creation and it continues to be a looming problem of our province on how to survive impending food security challenges considering that it is still dependent on the allocation of the NFA office in Surigao City, Surigao del Norte. It must also be noted that there have been incidences of failure of rice allocation in our province – to the detriment of our people.

Hence, in view of the foregoing, it is undeniable that the establishment of an independent NFA Dinagat Islands Provincial Office shall be prioritized in keeping with the needs of the Dinagatnons especially in these times of pandemic and future calamities.

In view of the foregoing, approval of this bill is earnestly sought.
