

Eighteenth Congress
Second Regular Session

HOUSE BILL NO. 7796

Introduced by Honorable Michael B. Gorriceta

EXPLANATORY NOTE

Section 16, Article II (*Declaration of Principles and State Policies*), of the 1987 Constitution states:

"Sec. 16. The State shall protect and advance the right of the people to a balanced and healthful ecology in accord with the rhythm and harmony of nature."

This bill seeks to declare the Bucari Area in the Municipalities of Leon and Alimodian, Province of Iloilo as ecotourism zone. This is a re-filing of the same House Bill from the 17th Congress filed by my father, Former Cong. Arcadio H. Gorriceta.

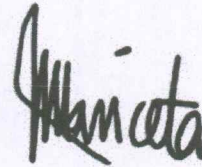

Ecological tourism focuses on maintaining pristine, unspoiled natural environments and providing direct financial benefits for conservation and empowerment for local people, it also promotes the social, cultural and economic well-being of travel destinations and local communities across the globe.

Republic Act No. 9593, otherwise known as the "Tourism Act of 2009" governs the establishment of the tourism enterprise zones (TEZs). This is the main vehicle for development at a local level within the priority destinations. The Tourism Industrial and Enterprise Zone Authority (TIEZA) designates the TEZs, upon the recommendation of any local government unit (LGU), private entity or through joint venture of private and public sectors.

This bill proposes to declare the Bucari Area in the Province of Iloilo as ecotourism zone, to be known as Bucari Ecotourism Zone. The Bucari Area consists of fourteen barangays located in the Municipality of Leon and seven barangays located in the Municipality of Alimodian.

In order to promote viable and sustainable development of the environment simultaneously with the right of the people to a balanced ecology, the Bucari Development Task Force (BDTF) was created on August 26, 1996 by virtue of Executive Order No. 170 issued by Iloilo Provincial Governor, Arthur D. Defensor, Sr. The aim of the task force was to develop and promote Bucari as the summer capital of the Province of Iloilo. It has a temperature comparable to that of Baguio City and vast areas of forests consisting mainly of pine trees. It is endowed with breathtaking scenery – 21 waterfalls, beautiful flora and fauna and numerous mini rice terraces. Moreover, Bucari was the seat of the Civil Resistance Government of Iloilo in World War II under Gov. Tomas Confessor. Bucari is not just scenery but a place “*where nature, legend and history meet.*”

In view of the foregoing, passage of this bill is earnestly sought.
