HOUSE BILL NO. 8415

Introduced By: Representative Arnie B. Fuentesbella

EXPLANATORY NOTE

The implementation of the K-12 Curriculum is one of the greatest reforms in the Philippine Educational System today. This system is in cognizance of the mandates of the Constitution to "establish, maintain and support a complete, adequate and integrated system of education relevant to the needs of the people and society. "

While majority of the schools in the urban centers have not experienced the birth pains in implementing educational reforms at its early stage, those public schools located in the far-flung areas have been usually inconvenienced by myriads of problems, including the availability of public high schools where poor elementary school graduates may pursue their basic education studies.

It is important to note how the government really gives importance to the education of our children as can be gleaned from another Constitutional mandate that the State shall not only make education accessible to all but to uphold the right of citizens to quality education. However, these Constitutional mandates may not be given credence if the persistent clamor of the people, school and public officials to establish a national high school in Barangay Turague, Municipality of Sagñay, Province of Camarines Sur will be ignored by the government.

This bill therefore seeks to establish a national high school in Barangay Turague, Municipality of Sagñay, Province of Camarines Sur to be known as Barangay Turague National High School in order to address the growing clamor of the stakeholders of Barangay Turague, who have been greatly inconvenienced by the distance of public high schools in other barangays.

The foregoing reasons warrant the approval of this important piece of legislation is earnestly sought.
