EIGHTEENTH CONGRESS
Second Regular Session

HOUSE BILL NO. 8472

Introduced by **HON. LUIS RAYMUND "LRAY" F. VILLAFUERTE, JR.**

AN ACT
ESTABLISHING AN OFFICE ON WOMEN'S HEALTH OF THE
DEPARTMENT OF HEALTH

The Constitution, Article II, Section 14 provides:

Section 14. The State recognizes the role of women in nation-building, and shall ensure the fundamental equality before the law of men and women.

Certain diseases, disorders, and conditions are peculiar to, or more serious, or more prevalent in women. For this reason, the factors of medical risk or type of medical intervention are different for them.

Unfortunately, the government fails to meet women's health needs. Perhaps due to its failure to understand that women have unique health conditions, the government could not provide health programs, specially designed for women.

To address this issue, this bill seeks to establish an office on women's health within the Department of Health in order to:

- (1) Establish short-range and long-range goals and objectives and coordinate all activities within the Department of Health that relate to disease prevention, health promotion, service delivery, research, and public and health care professional education concerning women;
- (2) Provide expert advice and consultation to the Secretary concerning scientific, legal, ethical, and policy issues relating to women's health; and
- (3) Monitor the Department of Health offices, agencies, and regional activities regarding women's health and coordinate and stimulate activities of such departmental and agency offices on women's health.
