HOUSE BILL NO. 8499

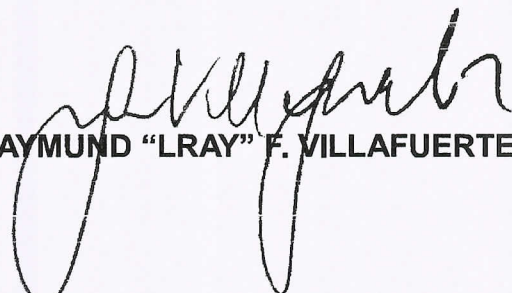

Introduced by **HON. LUIS RAYMUND "LRAY" F. VILLAFUERTE, JR.**

AN ACT
REQUIRING A REPORT REGARDING THE EFFECTS OF
ENVIRONMENTAL FACTORS ON WOMEN'S HEALTH

Attention has been focused on the alarming decrease in the life span of women during our times. There is an increase in the premature passing away of females by reason of diseases such as breast cancer and or other diseases believed to be brought about by environmental factors. It has also been shown that environmental factors play a vital role in causing the immune dysfunction of women and mimic of women's human estrogen.

In accordance with the constitutional mandate to protect and promote the right to health of the people and instill health consciousness among them, this bill authorizes the Secretary of Health to submit to Congress a report regarding environmental factors have on women's health. It is believed that with such report steps may be taken to remedy the alarming steps to be taken to remedy the alarming threat environmental factors pose to the health of women.
