HOUSE BILL NO. 23

**Introduced by Representatives FERDINAND MARTIN G. ROMUALDEZ,
YEDDA MARIE K. ROMUALDEZ and JUDE A. ACIDRE**

EXPLANATORY NOTE

This proposed measure seeks to harmonize the current passport law with domestic laws and international agreements affecting passport application and issuance. The passage of the “Citizenship Retention and Reacquisition Act of 2003” and the “Domestic Adoption Act of 1998” requires the submission of updated documents by concerned passport applicants. The new law governing the issuance of passports also guarantees the compliance of Philippines passports to international standards set by the International Civil Aviation Organization (ICAO). It specifically provides for the issuance of Philippine passports using the latest tamper-proof, personalization, and data management technology.

This proposed bill will benefit the general public since it simplifies the requirements for the issuance and processing of Philippine passports. The proposed passport law adopts the new biometric system and the submission of documents only issued or authenticated by the Philippine Statistics Authority (PSA).

The bill seeks to provide for a new type of passport – the “Emergency Passport” to be issued to Filipinos who have been previously issued with a regular passport but for any reason cannot apply for or be issued a regular passport. It also proposes the issuance of three types of Travel Documents:

(1) Emergency Travel Document for Filipinos with urgent travels; (2) Travel Document Certificate for those who need to be repatriated; and (3) Convention Travel Document for individuals considered as stateless persons, refugees, or asylums in the Philippines.

The bill, if passed into law, will particularly benefit our senior citizens and persons with disabilities (PWDs). Aside from providing them courtesy lanes and exemption from setting a passport appointment, they will be allowed to enjoy a discounted fee of 50% for the processing and replacement of their passports. It will also protect the public by directing the DFA to create passport databases that will secure relevant information of passport holders. Considering that the Philippine passport is regarded as superior to all other documents, this measure if enacted into law, protects the integrity of our passports by providing stiffer penalties for offenses relating to the issuance, forgery, and improper use of passports and travel documents, and multiple possession of passports. It also incorporates the illegal withholding of passports and forging of visas and entry documents in the list of passport-related offenses. The measure further imposes the maximum penalties when offenses are committed by a syndicate or on a large scale.

Lastly, the bill will improve the consular services of the DFA by allowing it to charge no more than 50% of the current fees relating to the processing or issuance of passports requiring special consideration, waiver, or issuance beyond office hours. These service fees constituting the "Passport Revolving Fund" (PRF) will be utilized to improve the passporting, consular services, and other services provided by the DFA.

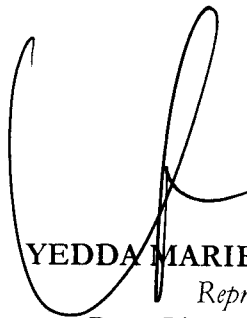

A similar bill was filed by Representatives Ann K. Hofer, Xavier Jesus D. Romualdo, Ed Christopher S. Go, Sandra Y. Eriguel, M.D., John Marvin "Yul Servo" C. Nieto, and the late Francisco G. Datol, Jr. in the 18th Congress.
