

Republic of the Philippines
HOUSE OF REPRESENTATIVES
Quezon City, Philippines

NINETEENTH CONGRESS
First Regular Session

HOUSE BILL NO. 123

INTRODUCED BY REPRESENTATIVE: JULIET MARIE DE LEON FERRER

EXPLANATORY NOTE

It is a primordial duty of the State to ensure the health and well-being of its citizens. As stated in Section 11, Article XIII of the 1987 Constitution states that "The state shall adopt an integrated and comprehensive approach to health development which shall endeavor to make essential goods, health and other social services available to all the people at affordable cost."

According to the latest World Health Organization (WHO) data published in 2018, liver disease deaths in the Philippines has reached 7,491 or 1.23% of the total deaths. The age adjusted death rate is 9.88 per 100,000 of populations ranks the Philippines as No. 128 in the world.

This representation would like to address such statistics and to further prevent the raising concern on liver diseases by establishing a hospital specializing all kinds of liver diseases concerns.

Hence, this bill aims to establish the Liver Center of the Philippines, a government institution that shall offer comprehensive care for patients with liver diseases rendering quality service to the Filipino people.

The creation of Liver Center seeks to provide a state-of-the art diagnosis, management and treatment of liver diseases including the conduct of researches thereof. It will serve as the lead hospital in training and teaching of medical and paramedical professional pertaining to liver disease treatment and transplant. Lastly, it aims to provide set of standards for scientific and professional establishment and operation in treating liver diseases and liver transplant in the country.

In view of the foregoing, passage of this bill is earnestly sought for.
