

Republic of the Philippines
HOUSE OF REPRESENTATIVES
Quezon City

NINETEENTH CONGRESS
First Regular Session

HOUSE BILL NO. 150

Introduced by **HON. FERNANDO T. CABREDO**

EXPLANATORY NOTE

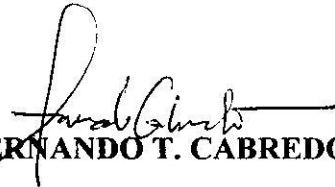

This bill seeks to establish the Barangay Management Information System (BaMIS) in all barangays in the Philippines. The BaMIS will serve as a repository of information of all the residents, households, families, areas, businesses, transactions, budgets and expenses, cases and morals (blotters), activities and projects, centers such as evacuation centers and health centers, donors and volunteers, scholarships, among others.

Having a centralized system does not only help in the sorting of information but will also be most useful in analysis and decision making at the barangay level. Especially in times of disasters, natural calamities or this pandemic, barangay leaders will be able to forecast and assess the needs of their constituents based on the information that was collated.

With this kind of system that is installed in every barangay, information will be comprehensive, and its retrieval will be much quicker and timely.

The Department of Information and Communications Technology (DICT) will spearhead the development of the database system and maintenance by using cloud technology.

In view thereof, approval of this bill is earnestly sought.

FERNANDO T. CABREDO

Republic of the Philippines
HOUSE OF REPRESENTATIVES
Quezon City

NINETEENTH CONGRESS
First Regular Session

HOUSE BILL NO. 150

Introduced by **HON. FERNANDO T. CABREDO**

AN ACT
MANDATING THE ESTABLISHMENT OF BARANGAY MANAGEMENT
INFORMATION SYSTEM AND FOR OTHER PURPOSES

Be it enacted by the Senate and House of Representatives of the Philippines in Congress assembled:

SECTION 1. *Short Title.* - This Act shall be known as "*The Barangay Management Information System (BaMIS) Act*".

SEC. 2. *Definition of Terms* - As used in this Act, the term -

(a) *Barangay* refers to the smallest political unit into which cities and municipalities in the Philippines are divided, created in accordance with the provisions of the Local Government Code of the Philippines.

(b) *Management Information System* is defined as an information system used for decision-making, and for the coordination, control, analysis, and visualization of information in an organization.

(c) *Barangay Management Information System (BaMIS)* is a centralized database of all the residents; an all in one tool for data, tasks, disaster and resilience, budget, file management, analytics needs and decision making.

SEC. 3. *The Barangay Management Information System (BaMIS).* This is a centralized database of the barangay that can be accessed through a cloud platform.

SEC. 4. *Contents of the BaMIS.* The system will be composed of the following:

- (a) Residents
- (b) Households
- (c) Families
- (d) Areas
- (e) Businesses
- (f) Transactions
- (g) Budget and Expenses
- (h) Cases and Morals (blotters)
- (i) Activities and Projects
- (j) Centers
- (k) Donors and Volunteers
- (l) Scholarships

SEC. 5. *Access to the system.* Development of the system will be handled by the Department of Information and Communications Technology (DICT). For data privacy protection, access to the system will be given to authorized persons only. Barangay Captain or Secretary, or Officer-in-Charge will serve as the user of the system.

SEC. 6. *Updating of the system.* Quarterly update of the system may be done by the person in charge in the barangay.

SEC. 7. *Separability Clause.* If any provision of this Act or any part thereof be declared unconstitutional or invalid, the same shall not affect the validity of the other provisions of this Act.

SEC. 8. *Repealing Clause.* All laws, decrees, orders, rules and regulations or parts thereof which are inconsistent with the provisions of this Act are hereby repealed, amended or modified accordingly.

SEC. 9. *Effectivity.* This Act shall take effect fifteen (15) days after its publication in the Official Gazette or in a newspaper of general circulation.

Approved,
